

Psst...
It's here!

3 DAYS IT CONFERENCE IN MAURITIUS

DEVELOPERS CONFERENCE 2020

PARTNERSHIP PROPOSAL

6th Edition!

Comics time

2ND, 3RD & 4TH APRIL 2020

CAUDAN ARTS CENTRE, PORT LOUIS

Following the huge success and tradition of previous years, the Mauritius Software Craftsmanship Community (MSCC) is organising the 6th edition of the Developers Conference in partnership with local and international companies and ICT user groups.

As usual, the event is a community-driven, free-of-charge three-days IT tech conference hosted annually in Mauritius.

It's an event full of business opportunities and professional networking. Attendees can learn about latest software development technologies, methodologies as well as cloud features and infrastructure.

Attendance has been increasing over the past years and we are striving reach up to 1,000 attendees for 2020.

DEVELOPERS CONFERENCE 2020

DATE : 2ND - 4TH OF APRIL 2020

TIME : 09:00 HRS - 17:30 HRS DAILY

**VENUE : CAUDAN ARTS CENTRE
PORT-LOUIS**

Wow!

The aim of the conference is to provide software developers a buffet of tools, practices and principles applicable to tackle current challenges in the Mauritian context. From keeping up to date with the latest technologies and trends to resolving specific tasks in large enterprise systems - it's a variety of experiences, ideas and pragmatic advice as well as an opportunity to connect with peers across the industry.

When the MSCC was founded back in 2013, it quickly became clear that our tropical island had a certain lack of informational and technical events. During some monthly meetings, we spoke about this and that it would be very interesting and delightful to organise such an event.

Our monthly MSCC meetings are usually topic-centered and most amazingly we had solid technical content and quality sessions during the last couple of months. The Developers Conference is the subsequent development of this process to quench our thirst for more information in the world of modern IT.

BOOM!

WHY PARTNER WITH US FOR THE DEVELOPERS CONFERENCE?

Reach out and engage with a community of IT experts, professionals and students.

Partners of the Developers Conference are exposed to highly talented tech people in Mauritius and in the world. Unlike other events, participants of the Developers Conference are generally people who craft software using a wide variety of skills that help make the lives of people easier.

The Developers Conference attracts renowned speakers and companies worldwide.

ATTENDEE PROFILE

The event targets professionals working in the IT sector, both local and international. We strive to keep the Developers Conference free of charge, for the benefit of students.

The event aims to attract up to a 1,000 attendees across industries such as financial services, web agencies, media houses, telcos, etc.

WHAT'S IN FOR ME?

Access to influential professionals

Platform for networking

Opportunity for recruitment

Cross sales business opportunities

Unique brand and marketing exposure

INCREASE VISIBILITY IN MAURITIUS

Sponsorship revenue can highly increase the exposure of Mauritius by not only encouraging the local community but also helping international speakers come to talk on our island.

This helps us to learn and grow the skills of our local people by interacting with international speakers.
